

# Brisket

Animat has developed a new extruded poly brisket. It is built for comfort and superior positioning of the cow in the stall. Installation of the brisket is quick and simple.

## Brisket

- Use:** The Brisket is for use in free stalls.
- Compatibility:** It can be adapted for use with other brands of mattresses but is designed to be installed with animatress I beds.
- Composition:** 100% recycled plastic, exclusive design.
- Size:** 6" x 6 1/2" x 8' long  
(15 cm x 16,5 cm x 2,438 m)
- Color:** Dark Gray in color.
- Installation:** Simple and quick installation using tapcons or split drive nails.

## End cap

- Use:** Used to close the open end of the Brisket.
- Composition:** 100% recycled rubber, exclusive design.
- Size:** 2 13/16" x 5 1/4"  
(71,1 mm x 133,35 mm)

## Bristrip

- Use:** The Bristrip is used to splice each Brisket section together.
- Composition:** 100% recycled rubber.
- Size:** 2 13/16" x 12"  
(71,1 mm x 304,8 mm)
