

animatress I

Animatress 1™ is an open cell foam pad that is protected by a heavy-duty poly plastic. This pad covers the entire front-to-back length of the stall. This pad is covered with a rubber top cover that completely and continually encases the pad the length of the run of stalls. This stall bed is used in all free stall applications.

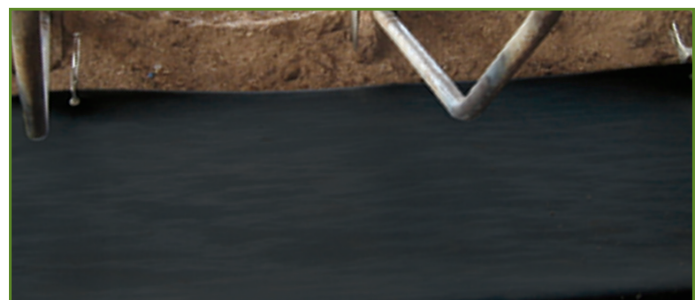

General specifications

Use:	Free stall.
Compatibility:	Fits most stalls worldwide.
Rubber top cover:	100% waterproof and flexible high density rubber.
Surface:	Non-slip surface with waterproof backing.
Foam:	100% recycled high density PU foam covered with industrial grade polyethylene.
